‘Walk for Democracy’ 2009

Andrew will be walking 150Km, from *Cow Green* reservoir on the Co Durham/Cumbria border, to *Howick* on the Northumberland coast. Cow Green was the site of one of the first modern conservation campaigns, as the reservoir threatened an internationally important site for the Teesdale Violet, Spring Gentian and other rare alpine plants. Howick Hall was the seat of the 2nd Earl Grey, champion of the 1832 Reform Act which swept away the “rotten boroughs” and began the extension of the parliamentary vote.

These themes reflect the purpose of the walk, which is to raise funds for the Green Party’s election campaigns in the North East (Euros 2009, General 2009/10). For every region or constituency where we stand a candidate, we must pay a deposit just to be on the ballot paper. Money raised by the *Walk for Democracy* will let us give more voters the chance to vote Green at these elections.
